

"You can always tell when a child likes a sensory experience. When they have limits on one of their senses, it often heightens the other senses." – Hannah, Care team

Pictured on the front, lots of happy memories being made in the garden

Dear Grainne,

Thank you so much to everyone at Speen Helping Hospices for your incredible donation of £5,375. It was lovely to see Nicki and Mary at our Amersham last week and we have taken a photo which we will post on our social media accounts next week.

We are so grateful to all of you for continuing to support Helen & Douglas House and helping us make a difference to the children and families we care for.

It has been lovely to attend a couple of your events this year - we all had great fun at your recent quiz!

Please pass on our thanks to all your amazing team and good luck with all your upcoming events.

With warmest wishes, Alison
